## WATER AREA

WATER FUN UNLIMITED

A swimming lake, a thrilling waterslide park, a diving platform, beach volleyball and beach soccer courts – in its water world, AREA 47 presents what is probably the sportiest 20.000 sqm you'll ever witness.

More spectacular moves can be pulled off at the boulder face suspended above water, during a balancing act on the "Slack-line" or while racing down the water slides. Adrenaline junkies can try to land a creative stunt into the water on a speed tube when shooting down the water ramp.

Of course, all visitors and gourmets have free access to our Lakeside Restaurant and bar River House.

BLOBBING

**BLOBBING**  
Blobbing sounds harmless, it is however one of the biggest adrenaline rushes you can have over the water. On the water floats a Blob, a huge inflated rubber tube. The „Blobber“ sits on one end of the Blob, then the „Jumper“ jumps from a higher platform and lands on the other end of the Blob, catapulting the „Blobber“ metre high in the air and then landing in the water.

**DIVING PLATFORM**  
Our guests can jump off the diving platform from 1 to 10 metres. After all, this equals to the height of a nice single-family house... Please note that the platform from 10 to 27 metres is closed to the public. This incredible height is reserved for professionals only and restricted to training sessions, show acts and competitions.

**PLAYGROUND**  
AREA 47 offers barefoot-kickers and players of outdoor fun sports the best location west of Copacabana Beach. Fans of tipping and bumping can play under top conditions on the beach volleyball courts.

## CLIMBING AREA

CLIMBERS PARADISE VERTICAL CHALLENGES

AREA 47 is a climbers' paradise for daredevils. Following the credo "nothing is impossible", climbing pro Mike Gabl and his team were the driving force behind the development of our new climbing area. Directly at the pier of Achbrücke Bridge you find Austria's highest artificial climbing structure - a giant 27 metre high lead climbing wall which guarantees vertical challenges in all difficulty grades. Other highlights are a boulder cave and a deep water soloing wall for an exciting descent into the water.

**HIGH ROPE COURSE**  
Stairway to heaven! AREA 47's extraordinary high rope course at the entrance to the Öztal Valley sets new standards in terms of will power and skills. A truly electrifying experience awaits you!

All you need is a climbing harness, helmet and stable outdoor shoes to survive this spectacular 27 metre high course. But be aware that those who are willing to conquer AREA 47's high rope course should not be afraid of heights.

Courage, will power, concentration and confidence are the core qualities you need to bring with you to finish this obstacle course. The knowledge and help from our outdoor experts will help you mentally. However, if you can't go any further and want to quit, you can use one of the many exit points at any time.

The first is a ride on the more than 350 m long "Flying Fox". Safely attached to the wire, you literally "fly over" the camp's Water AREA and enjoy a bird's eye view of AREA 47. The second challenge is the 30 m high "Mega Swing". Those looking for the extra adrenaline kick can test their limits on the Mega Swing.

Included in the price of all outdoor activities (except Flying Fox and Mega Swing) is the admission price to the Water AREA on the day of the trip (during the bathing season).

Please book your trip at least one day in advance.
